

IRATA INDUSTRIAL ROPE ACCESS COURSES 2008

Thank you for your interest in training, or returning to train with us, here at **Mark Wright Training Ltd.**

If you have trained here before you will be aware of the requirements but please don't hesitate to call if you need any further information. You will find the **agreement, a revised accommodation list, medical declaration and map below.**

The **Level 1** course is designed to take candidates, with no previous experience, over a period of 5 days, through all the training and examination **to become a qualified IRATA Level 1 Technician.**

You will be taught **additional skills** over and above the IRATA syllabus to help you work safely and efficiently in the industry.

Mark Wright is one of the world's leading IRATA instructors and together with his **son Liam** a fully qualified and dedicated **IRATA Level 3T instructor**, he will ensure you have an informative and enjoyable training course in a **safe environment.**

All necessary personal protective **equipment will be provided** for the duration of the course and a **heavily discounted** personal protective kit is available to equip you for your career in rope access.

You will receive your **free copy** of the Mark Wright Training Ltd. **training manual**, an essential reference for your new profession.

You will also receive advice on preparing CV's and assistance in gaining your first employment in the rope access industry with the benefit of our **extensive database of IRATA companies.**

The cost of the IRATA Level 1 course is £ 553.19 + VAT (£ 650.00 inc. VAT)

The scheduled dates of courses can be found on the website from the link; '**Magna Tower Course Dates**'. Courses fill up very quickly so book as early as you can to get your preferred week.

CALL MARK on **07793 114 105** to **confirm availability** of course dates, have all your details to hand if you wish to pay your deposit by phone.

A **£100.00 deposit is required** by **debit or credit card** over the phone or by sending a **cheque by post** including your details to:

Mark Wright, PO Box 3538, Sheffield, S35 0WX. England

On receipt of your deposit we will confirm your place on the course by post.

We look forward to seeing you,

Mark Wright

AGREEMENT

The balance of the course fees must be paid at the commencement of the course.

CANCELLATION: Candidates cancelling course places within 7 days of the course date **will incur the full course cost.**

INSURANCE: Mark Wright does not provide personal injury insurance where an accident has occurred and negligence not proven on the part of Mark Wright. Should candidates require this cover they should take out their own insurance policy.

AGREEMENT: I agree with the above conditions and I understand that Mark Wright Training Ltd. provides no personal injury insurance and I agree not to hold him responsible for any personal injury I may sustain whilst being trained or assessed in accordance with company training procedures.

STATEMENT OF MEDICAL CONDITION.

It should be understood that industrial rope access operations involve a certain amount of physical and mental exertion. Certain medical conditions are a definite contra indication to the safe and successful completion of industrial rope access activities.

Ideally operatives should be in possession of an applicable full industrial medical certificate.

As a minimum, you are required to sign this form to show that to the best of your knowledge you are historically free of the conditions listed below, and therefore there is no reason that would exclude you from participation in an industrial rope access training course.

Principle contra indications to working at height include the following:

- 1) Heart disease / chest pain.
- 2) Epilepsy, fits, blackouts.
- 3) Impaired limb function.
- 4) Alcohol or drug dependence.
- 5) Diabetes controlled by insulin.
- 6) High blood pressure.
- 7) Fear of heights / Vertigo.
- 8) Giddiness / difficulty with balance.
- 9) Psychiatric illness / counselling.

If you do not have a medical certificate addressing these points, you should sign the following statement and bring it with you for the commencement of your training course.

Failure to produce a signed certificate will result in you being excluded from participating in an industrial rope access training course.

'To the best of my knowledge I do not suffer from any mental or physical condition, including those mentioned above, which would interfere with my ability to work at height in a satisfactory and safe manner; or put myself at risk through my participation in rope access activities'
